

APS discretionary increase litigation – consequential hearing

At the release of the Court decision earlier today, a hearing was listed for 10:30am on 25 May 2017 at which the Court will deal with any applications which BA or the APS Trustee may make in response to the DI litigation judgment. The applications could include permission to appeal the decision. We will provide a further update on the member website once the outcome of the hearing is known.

Date: 19 May 2017
